School Assemblies

Our unique presentations feature Live cartoon characters, dramatic stories, skits and active participation that make learning, and listening fun. And who says learning can't be entertaining? We believe our expertise in combining character education with entertainment is one of the reasons our program is in such demand. All of our programs are written by school teachers and administrators to ensure your students are exposed to key curriculum concepts. One of the unique benefits of Daly Adventures is that we are able to customize our presentations to target virtually any major issue, ranging from violence, stranger safety, bullying, good character, and living a drug free life. We focus our presentations in the direction each school's administration feels is most relevant to their student body.
